## Closures "CLASS" Apart

### "Classliq "

If you have been a victim of brand counterfeiting or in need of a replacement to your regular plastic closure, Our Classliq closure is the solution to your troubles.

It is a double tamper evident proof closure with a perfect combination of plastic & Aluminum, along with a non-refillable pourer. With the presence of aluminum you can dress up your closure with any number of design options, which would provide your product with a unique appeal.

### Class 'oil'

A perfect blend of an aluminum and LDPE closure has been developed to meet the need of business producing viscous liquids for the home consumer segment. Our Class oil closure has been specifically designed to provide easy and comfortable pouring ability, with anti-drip technology. The aluminum allows the customers to have endless options of printing and design capabilities along with ensuring tamper evidence.

### NRPF

Specially designed for the vodka, rum and liquor industry. The closure is a fusion of multiple plastic components, which ensure an elegant pour of your product and assures anti-refillable measures. The outer aluminum cover gives you various printing and design options, enabling you to sell your product with an attractive packaging solution.

## Wine Clousers

Jagdish Overseas L.L.P. is always one step ahead of the ever-changing market needs. The company offers these closures integrally for wines. These Closures provide a tighter seal due to the presence of the liner on top and can keep out oxygen for a longer time than cork. These benefits add in maintaining the wine's overall quality and aging potential. It is neutral for taste and aroma and is fitted to bottles with a screw finish in accordance with standard BVS neck.

### "Classcap" Our Classcap is the solution to an on going need to enhance the packaging in the wine industry.

This closure gives your bottle that stylish, clean touch. An insert has been specially designed for this closure, which shows no threads after sealing thus providing a perfect printing surface and comfortable opening.

The sealing application is simple, as first it is screwed on the bottleneck and then tucked under a standard BVS neck finish.

## Liners Suited Best for Wines

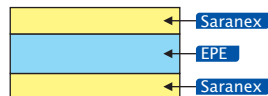

### Construction:

### Saran + Tin Liners :

Saran + Tin Liner maintains the shelf life of a wine bottle upto ten years when fitted with "Classwin" caps & sealed on Wine bottles (Glass finish).

### Construction:

### Saranex Liners :

Saranex Liner maintains the shelf life of a wine bottle upto one year when fitted with "Classwin" caps & sealed on wine bottles (Glass finish).

## Closure Decorations

We at Jagdish Overseas L.L.P. provide you with endless number of options elegance and the appeal of your brand in the market. Some of them being:

**Side decoration** of semi-deep or deep drawn closures, can be done by us with dry offset printing, silk screen-printing and pad printing. Our team of printing engineers have also been involved in fusion of the mentioned printing options where a more rich and sharper image has been achieved on the closure to provide it with the level of richness required by our customers.

**For Top Decorations** we have options for regular sheet offset printing or an optional Pad printing, which is complimented, best with top embossing on your closure.

**EMBOSSING / DEMBOSSING** In this process we can push any design or letters to a level either above or below the surface of the aluminum closure. Embossing can be done on either side or top along with option for chamfering whereas debossing can be done only on top with any number of color options in the debossed surface. It can be a Unique Selling Propositions for our customers who want to enhance their brand value and look for product differentiation in this highly competitive market.

**Hot Foil Printing :** We have recently diversified into Hot foil Printing on our aluminum closures as an additional decorative option to our customers. With German influenced Machinery and imported raw material we can provide our customers with a shiny and more appealing artwork to compliment their brand.

## Worldwide Presence
